Check all that apply below:

☐	New construction
☐	Existing Home
☐	Single Family
☐	Multifamily (4 or fewer units per building)

Other Conditions and Requirements:

- Rebates are subject to approval and may change without notice. See website for full terms and conditions.
- Equipment must be installed in a permanent residence receiving City of Tallahassee electric service.
- Eligible equipment must be new ENERGY STAR® certified residential consumer products currently listed by ENERGY STAR. ENERGY STAR® certified commercial products do not qualify for these rebates.
- Brand and model numbers are required for rebate processing and must be clearly indicated on the receipt.
- Refrigerators and freezers must be full-size (7.75 cubic feet or greater). Induction cooktops and ranges must have at least four burners/cooking zones.
- Applications must be complete and submitted within 90 days of purchase for existing homes or within 90 days of the Certificate of Occupancy (CO) date for new construction.
- Rebates cannot exceed the total installed cost of the equipment.
- Rebates are limited to one payment per qualifying appliance and are not paid to equipment vendors or installing contractors.
- For existing homes, rebates are paid to the customer or property owner for installations completed after the Certificate of Occupancy date. Rebates are paid as a credit to the applicant's utility account.
- For new construction, rebates for qualifying installations completed prior to issuance of the Certificate of Occupancy are paid to the homebuilder via ACH or check. Homebuilders must be registered as a City vendor before submitting an application.
- Applicants may apply for either the Peak Performance Home Incentive, which includes select ENERGY STAR® appliance rebates, or individual (à la carte) electric equipment rebates, but not both. Peak Performance Home Incentive applicants must complete the Peak Performance Home Incentive Application. Natural gas rebates are subject to separate eligibility requirements and must be applied for independently.

I hereby certify that the appliance(s) listed above is installed at the address listed and if requested, I will allow a representative of the City of Tallahassee Customer Operations to physically inspect the installation.
